INSTRUCTIONS FOR ENCLOSURES

Foreign Diploma

Officially certified copy of Diploma/Degree certificate or equivalence in the original language

Applicants must enclose a copy of the original diploma, which is signed by both the rector and the dean and carries an embossed seal

Officially certified copies of transcript/Academic records

Applicants with degree from Canada, Eritrea, Ethiopia, Ghana, Nigeria, Sudan and USA must instruct the university to send an Official Transcript of Academic Record directly to the Sahlgrenska Academy (address below).

Officially certified copy of proof of English proficiency

Applicants must enclose result from TOEFL test, IELTS test, degree or certificate from an English speaking university or grades from the Swedish Upper Secondary School. Should the test centre send the English result directly, it must be addressed to the Sahlgrenska Academy (address below).

Translation

Documents not issued in English, French, German, Swedish, Norwegian or Danish, must be translated into one of these languages by an authorized translator. Officially certified copies of both the original documents and the translated version must be included in the application.

Verification

All documents included in the application must be officially certified copies of the original documents. This also applies to applicants who have completed their entire education in Sweden or any other Nordic country.

An officially certified copy is a true copy of the original document that has been signed and officially stamped by a person of authority at, for instance, the university where the education was carried out, Notary Public, the Swedish Embassy, the police authority, a lawyer, etc.

The Sahlgrenska Academy requests that you provide the original documents and reserves the right to verify the authenticity of the documents with the educational institution or with the authorities in the country concerned.

The Sahlgrenska Academy keeps a computer-based file of the students (LADOK). Data concerning the students' education and exams are continuously registered in the computer system. The files are kept according to the regulations of the Swedish law and are public.
